

The no-slack.appspot.com website takes away stress and responsibility of managing and fairly delegating housework for shared tenants. Using this website, you can create your own household and control the way it is being managed, so that it is clean and tidy at all times! Using our tools, you can create new housework(task) for your housemates, complete a specific task, vote on how you think another tenant has completed a task, delegated to them and be certain and make sure everyone has done equal amount of housework by viewing the house statistics, based on the number of tasks completed by every tenant.

1. Open FireFox and go to <http://no-slack.appspot.com>
2. Sign up
3. Create a new household
4. If no tasks exist in the newly created household, please press '+', appearing at the top right corner and wait for the webpage to load. Then follow the next steps.
5. Add one or more new tasks
6. Complete a task
7. Move the completed task to appear last
8. View task history after completing it
9. Change tenant name and save
10. Change Tenant avatar photo and save
 - Go back to settings page if you would like to revert all name changes made.
11. View house statistics
12. Delete a task

WEBSITE EVALUATION

Your completed evaluation will be used to help us improve the quality of this website. In this evaluation we are seeking feedback on:

- a) understanding the purpose of the site
- b) performing the tasks set with no confusion
- c) overall functionality of the website

Note: This evaluation tool includes questions used in evaluations for the no-slack.appspot.com website, created for COMP3207 at the University of Southampton (2015)

Website usability		Strongly agree	Agree	Neutral	Disagree	Strongly disagree	Does not apply
To what extent do you agree or disagree with the following:							
1.	This website presented concepts relevant to managing housework fairly without all the fuss						
2.	I will be able to use this website to delegate tasks among my housemates						
3.	I like the automatic task delegation better to a manual one, as it makes the amount of housework to be the same for all						
4.	I achieved the tasks set						
5.	I would recommend this program to my friends.						
6.	The objectives of the website were clearly stated.						
7.	The management of the housework tasks seemed effective.
